The time has come....

Lovers Catherine Farrows and the Black Mask and their allies, FBI agent Jason Leong and hacker Fatale are closing in on the secretive evil Ganymede organization. Mystery surrounds where the deadly society has gone. Every single member of Ganymede has vanished from the public eye, and cannot be located online or off. As the four call on every resource they have to search for the enemy, they stumble on a lead involving a legend from the 9/11 disaster.

There is a secret base under the city where Ganymede has taken shelter. The superheroes prepare to attack this last stronghold, planning to take out the rest of Ganymede in one violent siege. The Black Mask and Catherine's steamy romance intensifies and they allow themselves the chance to dream of a future without Ganymede: a future where vigilantes might still be needed, but they will be safe enough to start a family of their own.

But before they can attack the base, hacker Fatale suffers a horrific attack from Ganymede's own master hacker, who publicizes photos from her exploitation at the group's hands all over the Net. The horror and humiliation put Fatale's life in danger which leaves the group in chaos. They are left praying for her recovery. The mission needs her...and so does Jason, who has fallen in love with her.
