Conversation Strategies: Speak Up and Make them Listen (Business And Money, Business Skills, Communications, Public speaking, Applied Psychology,Marketing and Sales Book 1)

Tyree Bucks

We all have one innate want; to belong and to be heard. Humans are social beings. But social is just not about having people around you; there is more to life than just having people around you! In any case, if having people around is all we wanted, then perhaps we wouldn't need to communicate to each other. Communication is all about influencing the other person or people in one way or the other; we want to prompt them to make a certain decision based on the information that we pass to them. Whether someone makes a decision in favor of whatever information you presented to them or not, communication boils down to one thing; influencing others! In simple terms, we want to be heard and want to be certain that we've been heard!

But how can you get to a point of conversing with people in a way that influences other people especially if you haven't been able to do that all your life? How can you gain mastery in conversing with people? Puzzled? Well, don't be because this guide is the perfect remedy for all your conversation problems. Specially designed for use in business, career and social settings, the strategies that this book discusses will transform the way you think of yourself and transform you to a sensational speaker who has everyone looking forward to the next thing you are going to say
