Don't Look Now And Other Stories (Penguin Decades) Maurier Daphne Du

The 1970s was a decade of anger and discontent. Britain endured power cuts and strikes. America pulled out of Vietnam and saw its President resign from office. Feminism and face lifts vied for women's hearts (and minds). And prog rock, punk and disco weren't just music but for some were ways of life. Daphne du Maurier's "Don't Look Now" was published in 1971 and became a haunting film in 1973. It describes a young couple who travel to Venice to try and escape the pain of their daughter's death. Instead of laying their ghosts to rest, however, they find themselves caught up in a series of increasingly strange and violent events, in a brilliant meditation on loss, fear and fate.
