The darkness hides a killer.

With Ophelia in her grasp, Samantha is ready to execute her much hated sister. However, the timely arrival of Gabriel and his reluctant entourage is enough to stay her hand for long enough to save her life. When their tormentor is finally driven off by the most unlikely of allies, all three males must set their priorities in order to pick up the pieces in the wake of their near-death experience. In the isolation of Caleb's fortress like compounds, bonds are made, promises broken, and faith renewed.

Light brings power and reveals truth.

Can Ava finally chose between those who have warred over the rights to her heart? And can Gabriel come to terms with the realization that the woman willing to give her life for the thing he holds most dear might be the key to his salvation? With Samantha still at large, the councilor is forced into a position that brings him into close contact with Ava's entrancing allure, and threatens to unhinge all he has worked so hard to build.
