## **I am Married but Lonely: Why?** Cornelius Uche Okeke

This is an apt, concise and candid analysis of marital loneliness. Fr. Uche has systematically exposed in this book, one of the root causes of lack of contentment in marriage and its attendant breakdown. This book will help prospective couples to gird themselves with requisite knowledge and thus safeguard themselves from falling into a typical situation of being married and yet feeling lonely. I'm particularly impressed with his style of writing and clarity of expression that conveys the intended message without innuendoes or any risk of misconception. Barr (Mrs.) Chinenye Ofoegbu Enugu This book I am Married but Lonely: Why? is a fruit of a creative genius. I see it as a great gift to humanity, especially this time our world is experiencing alarming increase in the rate of marriage problems and divorce. The book has many fine literary qualities: elegant, simple, with stubborn and unyielding facts. The author goes into excruciating details, and presents a full scholarly documentation of the issues that make many people married yet lonely. I believe that after going through this book, many who have lost the joy of companionship in marriage and are lonely, will be inspired and reinvigorated to forge ahead to find hope in the midst of despair. It is a highly prized book. Therefore I recommend it to all without reservations. Rev. Fr. Dr. Eugene Anowai Pope John Paul II Major Seminary
