Earle Birney

Essays on Chaucerian Irony (Heritage) Earle Birney

These essays, written between 1937 and 1960, have remained classics of their kind. They include important discussions on irony—its native traditions and its occurrence in early English literature, an account of critics' appreciation of Chaucerian irony prior to this century, and a detailed examination of four of the Canterbury Tales. The illuminating analysis of the complex use of various kinds of irony in the *Miller's Tale*, the *Friar's Tale*, the *Summoner's Tale*, and the *Manciple's Tale* emphasizes aspects of Chaucer's art that are very acceptable to contemporary. As a result, these essays lead today's reader towards a fuller understanding of Chaucer's achievement.
