In 2011, South Sudan became independent following a long war of liberation, that gradually became marked by looting, raids and massacres pitting ethnic communities against each other. In this remarkably comprehensive work, Edward Thomas provides a multi-layered examination of what is happening in the country today. Writing from the perspective of South Sudan's most mutinous hinterland, Jonglei state, the book explains how this area was at the heart of South Sudan's struggle.

Drawing on hundreds of interviews and a broad range of sources, this book gives a sharply focused, fresh account of South Sudan's long, unfinished fight for liberation.
