Ethan Frome: By Edith Wharton - Illustrated And Unabridged Edith Wharton

How is this book unique?

1. Unabridged (100% Original content)
2. Formatted for e-reader
3. Font adjustments & biography included
4. Illustrated

About Ethan Frome by Edith Wharton

Ethan Frome is a novel published in 1911 by the Pulitzer Prize-winning American author Edith Wharton. It is set in the fictitious town of Starkfield, Massachusetts. The novel was adapted into a film, *Ethan Frome*, in 1993. Ethan Frome is set in the fictional New England town of Starkfield, where a visiting engineer tells the story of his encounter with Ethan Frome, a man with a history of thwarted dreams and desires. The accumulated longing of Frome ends in an ironic turn of events. His initial impressions are based on his observations of Frome going about his mundane tasks in Starkfield, and something about him catches the eye and curiosity of the visitor, but no one in the town seems interested in revealing many details about the man or his history - or perhaps they are not able to. The narrator ultimately finds himself in the position of staying overnight at Frome's house in order to escape a winter storm, and from there he observes Frome and his private circumstances, which he shares and which triggers other people in town to be more forthcoming with their own knowledge and impressions. The novel is framed by the literary device of an extended flashback. The prologue, which is neither named as such nor numbered, opens with an unnamed male narrator spending a winter in Starkfield while in the area on business. He spots a limping, quiet man around the village, who is somehow compelling in his demeanor and carriage. This is Ethan Frome, who is a local fixture of the community, having been a lifelong resident. Frome is described as "the most striking figure in Starkfield", "the ruin of a man" with a "careless powerful look...in spite of a lameness checking each step like the jerk of a chain". Curious, the narrator sets out to learn about him. He learns that Frome's limp arose from having been injured in a "smash-up" twenty-four years before, but further details are not forthcoming, and the narrator fails to learn much more from Frome's fellow townspeople other than that Ethan's attempt at higher education decades before was thwarted by the sudden illness of his father following an injury, forcing his return to the farm to assist his parents, never to leave again. Because people seem to not wish to speak other than in vague and general terms about Frome's past, the narrator's curiosity grows, but he learns little more.
