"Confessions of An Online Dating Addict" is a humorous and honest look at the world of Internet dating. Approximately 60 million Americans date online and there are over 800 Internet dating sites. This book is a true first-person account of the author's experiences with cyber dating and tracks her evolution from initiation into the online dating arena through eight years of dating. Along the way, you'll meet the different "characters" she has connected with, laugh and cry as she navigates her way through the web of the online dating world, learn about her struggles in dealing with relationships and singlehood, and get an insider's perspective on do's and don'ts in online dating, what to watch out for, and recommendations for those who are considering online dating. The book's style is a combination of "Sex and the City" meets "Bridget Jones' Diary" meets "He's Just Not That Into You." Jane Coloccia is a true online dating expert having met more than 200 men in her dating escapades in both New York City and suburban New Jersey. Follow along as she meets unavailable men, stalkers, conquistadors, younger men, older men, and even tries to give up dating altogether! This is the perfect book for those of you who date online, who are intrigued by the prospect, or who have been happily married and wonder what the heck really goes on in the world of Internet dating.
