From Protest to Challenge is a multi-volume chronicle of the struggle to achieve democracy and end racial discrimination in South Africa. Beginning in 1882 during the heyday of European imperialism, these volumes document the history of race conflict, protest, and political mobilization by South Africa's black majority. Volume 6 takes up the story in 1980 and examines the crucial decade that preceded the collapse of the apartheid system. As with earlier volumes in the series, it combines narrative with a wealth of primary source materials that record the words of the men and women who shaped South Africa's complex history.
