Intuition: A Bonus Intangible short story, an introduction to the highly rated Intangible Series. An enthralling glimpse into the Intangible world by an "author [who] has a way with words that just pulls you into the story and holds you there until the very last word, and even then you just do not want to be let go" (Shelly Hammond).

Luke and his twin sister Sera have unusual abilities. Hers is a gift--she can heal with a touch of her hand. His is a curse--he can see the future but he can't do anything about it.

On a hike up the mountain, Luke has a vision unlike any other--one that leaves him terrified. Knowing that it will come true--and that he must do everything in his power to stop it--leaves his own future uncertain.

(This is a short story, and approximately 16 pages long.)

Intangible (Book One), Imaginable (Book Two), and Indomitable (an Intangible novella) are available now. Book Three coming late 2015.
