What the Heart Wants (Stevens Island) Sarah Bates

What are you supposed to do when the guy you like – or even love – is with someone else? That is a question Hayley Emerson has been trying to avoid answering since Aiden Thorpe-Stevens' ex-girlfriend arrived on his doorstep, unannounced, at the beginning of the summer. And she almost manages to convince herself that the answer doesn't matter. Almost. But every time she sees them together it's just another reminder that she and Aiden never really got the chance to see where things could go between them. Enter his cousin Chase. Over the last few months they've become good friends, and since he understands, from personal experience, what it's like to watch the person you want to be with be with someone else, he seems like the most natural choice when it comes to having someone to spend the rest of her summer with before her senior year starts. But the heart wants what the heart wants, and even as Hayley and Chase grow closer, she soon learns that no matter how hard you try sometimes, love is a hard thing to ignore.
