Corre el año 2011. En un marco caracterizado por la complejidad violenta del Medio Oriente y por el conflicto israelí—palestino, los mundos disímiles de dos niños cambian su rumbo en unos pocos segundos. El 22 de octubre de 1982, en el Hospital Sharei Tzedek nacen dos bebés, uno de madre judía, otro de madre musulmana. En medio de la vorágine de ese día, el hospital es escenario del intercambio de esos bebés. Nadie parece saberlo, hasta que, después de 29 años, aparece una enfermera que desata la realidad y la verdad emerge. En su afán de revelar su verdadera identidad a los dos jóvenes, está dispuesta a entregar todo lo que tiene, sin contar con que inmediatamente aparecerán los intentos por detener la difusión de los hechos. Pronto surge la pregunta: ¿fue un error casual o un acto intencional el que determinó aquel cambio de niños? Se desgrana entonces una saga de intrigas y asesinatos en los que la intervención del Mossad y un complot para provocar un ataque cibernético con un virus letal que hace peligrar la seguridad del Estado de Israel, forman el nudo de esta novela intensa, en la que el tejido de sucesos y personajes sostienen la expectativa y la atención permanente del lector que se involucra en la historia, que percibe la tensión entre la etnia sanguínea y la de crianza y que participa activamente del desenlace con el que se cierra la obra. “Hermanos” es una novela extraordinariamente entretenida, que cautivará al lector al mismo tiempo que le generará reflexiones profundas sobre una realidad contextual que parece no tener fin.
