# International Communications: History, Conflict, and Control of the Global Metropolis

*Robert S. Fortner*

**International Communications: History, Conflict, and Control of the Global Metropolis** Robert S. Fortner

The text moves from an overview of International Communication systems and their role in politics to a brief discussion of the technical capabilities and constraints of those systems. The next five chapters discuss the history and development of international systems and a final chapter outlines future possibilities. Throughout the book there is an emphasis on systems and structures, the architecture of international communication.
