Unacceptable Risk (Hidden Wolves Book 1) Kaje Harper

Simon Conley was born a werewolf, making him one of a tiny minority in a sea of vanilla humans. The safety of the pack lies in absolute secrecy, sometimes violently enforced. In a species where pack-members are born and not made, being gay is considered a perversion. So when Simon falls in love with a human man, he's twice damned. Even his Alpha's grudging tolerance may not be enough to shield him from the hatred of the other top wolves. Then his lover Paul stumbles across pack secrets Simon was sworn to keep, and if the pack finds out, they may both end up dead.
