Understanding Antitrust Issues in Health Care provides an authoritative, insider's perspective on the latest developments and strategies within the health care antitrust arena. Featuring partners from some of the nation's leading law firms, these experts guide the reader through the new Patient Protection and Affordable Care Act and discuss the affect that health care reform will have on antitrust matters and the payer-provider-patient relationship. From antitrust pricing issues to non-compete agreements, these top lawyers evaluate the current federal antitrust policies and analyze both recent government enforcement actions and the implications for today's health care clients. Additionally, these leaders reveal their strategies for navigating the health care industry's economic challenges, working successfully with clients, and keeping abreast of reform and antitrust initiatives. The different niches represented and the breadth of perspectives presented enable readers to get inside some of the great legal minds of today, as these experienced lawyers offer up their thoughts on the keys to success within this dynamic field.

Inside the Minds provides readers with proven business intelligence from C-Level executives and lawyers (Chairman, CEO, CFO, CMO, Partner) from the world's most respected companies and firms nationwide. Each chapter is comparable to an essay/thought leadership piece and is a future-oriented look at where an industry, profession, or topic is heading and the most important issues for the future. Each author has been selected based upon their experience and C-level standing within the professional community.
