The idea of leadership failure and derailment has been brushed under the carpet for far too long, and only now are statistics appearing on the sheer numbers who fail. *Backstabbers and Bullies* provides the latest psychiatric and clinical perspectives on dark-side behavior, including: recognizing and coping with overconfident, narcissistic, and psychopathic leaders; causes of leadership derailment and failure; corrupt corporate cultures; and the criminal personality.

Fascinating listening for anyone who has worked alongside a corporate psychopath, business narcissist, or histrionic show-off, *Backstabbers and Bullies* goes beyond the science to explain how to better understand, manage, and prevent dark-side behavior and presents advice for reducing derailment potential for yourself, your colleagues, and your organization.
