Kitchens: A Design Source Book Vinny Lee

The kitchen is increasingly recognized as the heart of the home. No longer simply a place for cooking and storing food, the kitchen is also where meals are served and family and friends congregate, so there is every reason that it should be as stylish, comfortable, and functional as any other room. Vinny Lee opens with a chapter on planning, to help you identify your own needs and priorities, and then provides a survey of the four principal styles--Traditional, Simple Country, Simple Modern, and New Professional. She then takes a comprehensive look at the elements, such as lighting, countertops, sinks, appliances, and storage, with a multitude of creative ideas for decorating and adding colour. "Kitchens: A Design Source Book" is the one book you'll need to achieve a great-looking kitchen in which you can comfortably cook, eat, live, and work. *Revised and updated edition of this bestselling title. *Whether you are remodeling an existing room or starting from scratch, this invaluable guide will help you create your ideal kitchen. *With stylish photography by James Merrell.
