Rune Magic Deck (24 Cards) Donald Tyson

The *Rune Magic Deck*, Donald Tyson's unique divinatory deck, consists of twenty-four strikingly designed cards, boldly portraying a Germanic futhark rune on each one. Artist Robin Wood has illuminated each rune card with lush illustrations done in the ancient Norse tradition. Included on each card are the Old English name, its meaning, the sound of the rune when used as a letter, and its Roman numeral representation.

In the box with this deck is a complete, sixty-four page instruction booklet, providing the history and origins of the runes, ways of using the cards for divination, three sample spreads, and a wealth of information culled from years of study. Tyson (who wrote the book *Rune Magic*), also explains how you can meditate on the Runes for personal growth.

With the illustrations on each card, this deck can also function as "flash cards" for learning the many secrets of the runes. Combine that with information in the booklet and you will see that the *Rune Magic Deck* is more than a tool for fortunetelling. It forms a complete system for learning and using the runes, a system which has never been available before!

But why use the runes? Because they have been used for thousands of years and have accumulated an archetypal strength and power which can be incredible if you know how to tap into it. This power can be yours to charge your meditations, improve your divinations, and thrill your soul. Even if you have never used the runes before, with this deck you will discover how to use them in no time! Shouldn't you get your deck now?
