The Craft & Art of Bamboo, Revised & Updated: 30 Eco-Friendly Projects to Make for Home & Garden

Carol Stangler

Beautiful, sustainable bamboo is one of the most popular materials around for gardens and home décor. This highly regarded introduction to the material is now back in print, revised and updated. It still offers rich history, fascinating background, and great projects, but with more than 20 new images—making this the most attractive source on the “it” plant of the green movement.

From weathering the plant and preventing insect damage to attaching, bending, flattening, finishing, and preserving the bamboo, this photo-filled introduction covers it all. More than 30 how-to projects include a curved garden handrail, low trellis for climbing plants, porch swing, and even an outdoor shower stall. Lush photography and abundant illustrations make the book a visual treat.
