Friends, partners, and professionals. So just why is this case coming between them?

In a Victorian London ruled by the blood-drinking elite, Perry Lowell is a logical and accomplished Nighthawk: a rogue blue blood who tracks murderers and thieves for the Guild. So when she and her charming-but-reckless partner, Garrett, are charged with finding a missing theatre starlet, it should be a simple solve.

But with an entire theatre of suspects, including a flirtatious understudy and whispers of a Clockwork Menace haunting the place, tension is brewing between the pair of them. Can they come together to solve the case - or will it be too late, when the murderer turns his gaze on Perry herself?

Warning: This is not a complete HEA. It's a pre-romance novella featuring the couple who will find their HEA in *Forged By Desire* (available Sept 2014). Heads will butt, tempers will flare - and perhaps one of them might come to realise just what the other truly means to them?
