Miller International Accounting/Financial Reporting Standards Guide, 2006 (Miller International Accounting Standards Guide) David Alexander, Simon Archer

Understanding reporting standards issued by the IASB is essential for those who prepare and/or interpret financial statements and are required to comply with the increasingly complex set of international accounting and financial reporting standards. Miller International Accounting/Financial Reporting Standards Guide is your survival handbook in today's global economy. It keeps you up-to-date on the latest general and industry-specific international reporting standards and the proposed changes on your immediate horizon that will most likely alter the way in which you must account for and disclose information. Miller International Accounting/Financial Reporting Standards Guide organizes accounting pronouncements into two parts: general standards and industry-specific standards. The Practice Pointers featured throughout this edition point out, in plain English, how to apply the standards just discussed. Material in the Miller International Accounting/Financial Reporting Standards Guide can be easily located several ways: the Cross-Reference shows the chapter in which a particular pronouncement is discussed; the Table of Contents directs you to a specific topic area; and the Index provides a quick page reference.

From reader reviews:

Carolyn Livingston:

Reading a guide tends to be new life style within this era globalization. With reading through you can get a lot of information that can give you benefit in your life. Together with book everyone in this world may share their idea. Textbooks can also inspire a lot of people. Lots of author can inspire their very own reader with their story or maybe their experience. Not only the story that share in the textbooks. But also they write about the ability about something that you need example of this. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book that exist now. The authors these days always try to improve their expertise in writing, they also doing some exploration before they write for their book. One of them is this Miller International Accounting/Financial Reporting Standards Guide, 2006 (Miller International Accounting Standards Guide).

Jessica Wilson:

The reason why? Because this Miller International Accounting/Financial Reporting Standards Guide, 2006 (Miller International Accounting Standards Guide) is an unordinary book that the inside of the book waiting for you to snap it but latter it will distress you with the secret the idea inside. Reading this book beside it was fantastic author who all write the book in such awesome way makes the content interior easier to understand, entertaining method but still convey the meaning totally. So , it is good for you for not hesitating having this nowadays or you going to regret it. This excellent book will give you a lot of positive aspects than the other book have got such as help improving your proficiency and your critical thinking method. So , still want to postpone having that book? If I were being you I will go to the book store hurriedly.
