Case Histories for the MRCP 2nd Edition (Hodder Arnold Publication) Robert Semple, Paul Goldsmith
This book provides high quality and challenging case histories aimed at candidates preparing for the MRCP examination. It is designed in particular for the written element of Part 2, adopting the extended grey case style of the new format examination in which cases can each feature some or all of the following elements: case histories, data interpretation, picture testing. The book will be useful both as a revision guide and an aid to further study. All questions are presented in the form of 'best of five', 'pick 'n' from many' and 'multiple matching'. In-depth explanations are provided to accompany all answers. New to this second edition is the introduction of full colour sections, ensuring that the illustrated cases mimic exactly those questions that the candidate will encounter in the exam setting.
