The songs and ballads in this book include a rich selection of favorite American folk songs, patriotic songs, sentimental songs from the past, and songs from other lands. They have been arranged in the keys that are most suitable for singing, and can be played in a variety of styles using only the words and the accompanying chords. In cases where there are two versions of a particular tune, both have been included. If one version is not well known, however, the most widely used melody is selected.
