Profound and insightful, this revised and expanded 20th-anniversary edition of *Fifty Years in the Feri Tradition* is filled with information not available anywhere else and is the definitive text on the Anderson Craft. Written as a gift to her husband, the blind poet and shaman Victor Anderson, on the occasion of their 50th wedding anniversary, this guide from Cora Anderson distills their work and teachings in the fairy faith of the Old Religion, explaining the theology, physics, and social structure of the Anderson Craft. *Natural Sorcery* is a practical, working grimoire that discusses the guardians, symbols, and ethics of the still-living oral Feri Tradition in a highly personal, conversational style. This special, limited edition also features annotations by members of the Andersons' final coven. Anyone interested in this deep and secretive tradition need look no further than this book by one of its most influential teachers.
