**A curvy pickpocket looking for her next target PLUS a possessive billionaire vampire in search of a mate PLUS a bad choice that may cause them to lose everything!**

Beau is a wealthy, possessive and seductive young vampire prince. With the Choosing Ceremony just weeks away, Beau must decide whether to partake in the sexist tradition he has always found obsolete, or go against family tradition and find a mate on his own terms.

When he finally finds the one human female who might allow him to fall in love, he realizes what a pain in the ass she is. This human woman is sassy, sneaky, and pushes him to new limits.

Valery is a strong-willed, voluptuous young woman. She never had a family, nor had she ever really needed one. When a bad choice causes her to come face to face with a real-life vampire, Valery realizes she is in hot water.

In the end, both of them have to decide what matters most to them. Will Beau be able to hang onto this woman he so desires, or will she leave him with nothing?

AUTHOR'S NOTE: This is a 10,000-word stand-alone story with an HEA, so no cliff-hangers! Story contains mature themes and language and is intended for 18+ readers only.
