The iconoclastic host of the PBS show Enjoying Wine with Mark Phillips, has been turning the wine world on its ear since it first aired. In his 2009 wave maker, *Swallow This*, Mark stirred things up even more to the delight of consumers. Now comes the second edition, and it's a doozy. Among its new material are topics such as how to "fix" wine if you don't like it; wine selection and pricing ratings for major retail chains' additional food and wine pairing guidelines; how global warming is significantly changing wine growing regions; and a list of restaurants with the best deals on wine in the major metros of every state. Mark offers a whole new approach to wine, which flies in the face of what has been traditionally taught and serves as a practical and empowering alternative. Witty, unique and never boring, *Swallow This* will change the way you think about wine.
