Killer Photos with Your iPhone Matthew Bamberg, Kris Krug, Greg Ketchum

Killer Photos with Your iPhone shows students how to take fantastic pictures using the camera built right into their iPhone. Because of its portability and unique capabilities, the iPhone camera is now one of the most popular digital cameras on the market, and this book shows you how to do everything from taking simple pictures to using apps to snap and create innovative images. You'll find information on the basics of shooting with an iPhone, including how to aim, compose, and focus your shots, as well as shooting within an app platform, and even post-processing. Many of the most popular photography apps are covered, and explained option-by-option with full-color images that allow students to see the progression of the app all at once instead of step-by-step. Covering both the 3G and 3GS iPhone models, this book will have students shooting, editing, and sharing killer photos in no time!
