Pathmarks (Texts in German Philosophy) Martin Heidegger

This is the first time that a seminal collection of fourteen essays by Martin Heidegger (originally published in German under the title *Wegmarken*) has appeared in English in its complete form. The volume includes new or first-time translations of seven essays, and thoroughly revised, updated versions of the other seven. They will prove an essential resource for all students of Heidegger, whether they work in philosophy, literary theory, religious studies or intellectual history.
