CISA Exam Self-Practice Review Questions for Certified Information Systems Auditor: 2016 Edition (with 200+ questions) (No Frills Exam Prep Books) ExamREVIEW

To clear the CISA exam, you need to know the basics of new IT technologies but you also need to know the older technologies since many old stuff are still at work in the modern business world. And there are a lot of business related stuff (audit, policies, procedures, ..etc) that you need to comprehend – some of them are common-sense while many are ISACA specific... This book includes questions that are created referencing the Job Practice Areas 2016. We create these self-practice test questions referencing the concepts and principles currently valid in all these exams. Each question comes with an answer and a short explanation which aids you in seeking further study information. For purpose of exam readiness drilling, this product includes questions that have varying numbers of choices. Some have 2 while some have 5 or 6. We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. Think of these as challenges presented to you so to assess your comprehension of the subject matters. The goal is to reinforce learning, to validate successful transference of knowledge and to identify areas of weakness that require remediation. The questions are NOT designed to “simulate” actual exam questions. “realistic” or actual questions that are for cheating purpose are not available in any of our products.
