The lemon pie factory wasn't that far from the police station. And that said, it only took **agent Morris** a couple of minutes to get there. And just like she had expected, there was yellow tape all over the compound in a bid to keep off the curious civilians from checking out whatever the heck was going on in there. And that said, Agent Morris got from her police car and made her way straight to the house.

There were few neighbors peeping behind the yellow tape and a couple of police officers were stations outside to make sure that they weren't crossing the line hence giving the forensics people an ample time to go about doing their work without having to worry that much.

The investigation hadn't started officially but from the look of things, it seemed as though it was going to be a very tricky one!!
