Aided by breakthroughs in computer technology, *The Book Study Concordance of the Greek New Testament* has compiled data in a format that has never before been available to Bible students. The result is the creation of a new Bible study tool and a new venue of academic research. This new tool examines Greek words in their respective New Testament book settings with the theology of the book considered. Also provided are word totals, most-frequently-used words, semantic domains, and words set in relation to the New Testament as a whole. This is an absolutely invaluable new tool to the scholarly community.
