How then do decent people survive in such a place? They train themselves using one of man's oldest tools-the knife.

Come and train with the Brazilian Masters of this art. In the pages of this book you will learn the methods which keep them alive in one of the world's most dangerous places

Profusely illustrated, and with step by step detail, Sensei Nakayama demonstrates the close quarters combat techniques which can make the difference between life and death when things turn ugly.
