The Love That Moves the Stars James C. Howell

"The Love That Moves the Stars" is a book of wonder, a work of art, a word for the soul. Dr. James Howell offers thoughtful reflections on a series of stained glass windows. Just as these windows narrate the great span of God's gracious love for the universe and for us, Howell's insights invite us into the story. The complexity of creation, the saints of the church, the simple gifts of worship, men, women, children and animals are celebrated here. His narrative is paired with beautiful photography and graphics that emphasize the artistry and poetry of these windows.
