Marsh Logan resigned from the NYPD to pursue his passion: music. But everything changes when his father is murdered and the capture of the killer continues to elude all efforts to identify and apprehend him. That is the frustrating fix in which Marsh finds himself, so when he is offered the chance to investigate a woman's murder and her husband's disappearance, he accepts because it provides an opportunity to clear his mind of his depressing failure to find his father's murderer. The investigation embroils Marsh in some nasty business: a man is found dead, a woman is murdered, more mayhem occurs, and it becomes clear that two killers are on the loose and one of them is gunning for Marsh.

Tomorrow I'll Miss You travels from recording studios to sleazy gin mills to horse-breeding country as Marsh finds himself dealing with a Mafia chieftain, a sociopath, a singing superstar, and the Chairman and CEO of a powerful international drug corporation.
